

Datasheet for: 107727

Dust protection hood, PVC, for plug nipple I.D. 13, Series A

Dust protection hood for hydraulic couplings series A, PVC, for plug nipple I.D. 13 . Acc. to ISO 7241-1, A Series. This coupling series combines an extremely small pressure drop with maximum hydraulic power transmission. Interchangeable with all couplings and plugs manufactured according to the above standard. The patented pressure eliminator permits disconnection even if back pressure has built up (up to 200 bar). The pressure eliminator can be used in all applications where there is a risk of pressure build-up after the line has been separated. It allows effortless connection under pressure. The mating part must be pressureless in order for the eliminator to function optimally. Areas of application: Agricultural machines, construction machines, municipal engineering, transportation engineering, industrial plant.

Type number	242.91
Article number	107727
EAN/barcode	 4047322057202
Your price	2,82 € / Stk

Minimum order quantity

Price Unit	1
Quantity Unit	Stk
Packaging Unit	1
Content	1 Stk
