

Datasheet for: 114582

RIEGLER Repair stick steel, 57 g

RIEGLER Repair stick steel, Epoxy resin filled with metal, Temperature resistance -50°C to 120°C, 57 g. The uncomplicated solution for all minor repair and maintenance work. Cut off - knead - process - use - that's all Our epoxy resin based Repair Sticks are resistant to alcohol, ester, salt water, oils, most alkaline solutions and diluted acids. The cured product can be machined (drilled, milled, filed) and painted over without pre-treatment. To ensure a perfect bond, the surfaces to be joined must be clean and dry. Smooth surfaces should be roughened (e.g. by sandblasting).

Type number	115.11
Article number	114582
