

Datasheet for: 101435

Pressure regulator DRV 250, Low pressure design, G 3/8, 0.2-2 bar

Pressure regulator DRV 250, Low pressure design, non-reversible, incl. pressure gauge, G 3/8, Control range 0.2 - 2 bar . Diaphragm pressure regulators with non-self-relieving design and non-pressure-reduced single-seated valve. Very precise adjustment and good response characteristic because there are only a few moving parts and hence minimal friction. Ideal for compressed air, nitrogen and other neutral, non-flammable gases, but only suitable for liquids with comparatively low flow rates.
