

## Magnetic conveyor rollers for sheets

HRS-F-D040-d012-020-MB-B

SKU: TRBD040001

### Product Features

|                                      |                                                                     |
|--------------------------------------|---------------------------------------------------------------------|
| <b>Description</b>                   | Magnetic conveyor roller flat                                       |
| <b>SKU</b>                           | TRBD040001                                                          |
| <b>Product key</b>                   | HRS-F-D040-d012-020-MB-B                                            |
| <b>Specific application</b>          | For sheets >2 mm                                                    |
| <b>Max. magnet force</b>             | 60 N                                                                |
| <b>Interface/connection dim's</b>    | Shaft hole Ø12H7                                                    |
| <b>Material housing</b>              | Steel                                                               |
| <b>Min./max. ambient temperature</b> | -20 to 100 °C                                                       |
| <b>Magnetic system</b>               | Permanent magnet                                                    |
| <b>Magnet quality</b>                | Anisotropic ferrite GSFD-33, Br 4100 gauss (at 20 °C), Tmax. 225 °C |
| <b>Diameter</b>                      | 40 mm                                                               |
| <b>Width</b>                         | 20 mm                                                               |
| <b>Weight</b>                        | 0.2 kg                                                              |
